LOGO TYPO - Montserrat

About
Montserrat is a modern, sans serif font, available again in local characters. The package experienced a surge in popularity during the 2017 when it was used on their top-tier poster, and again during the 2018 as design publishers found the font with their software. It's been all around the web on templates.

It was an amazing experience working with Memoirs in Pixels! My business website turn out to be exactly like I envisioned it. To top it, for someone who is camera shy, my portfolio shoot was super comfortable. Mainak supported with fantastic ideas and did such an incredible job! I highly recommend Memoirs in Pixels to anyone who appreciates quality and professionalism.

Ms. Priya Sivaram

Founder - Self Hour Coaching, Abu Dhabi

Dear Mainak, it is great working with you and your team on digital marketing and content related to our business. Your detail capture capabilities and quick execution with practical ideas makes it so easy and always give our business extra edge to have enhanced visibility. Thanks and looking forward for fruitful business relationship.

Mr. Lloyd Diaz

Manager - Nazca Gulf Property Management, Abu Dhabi

Working with Mainak and Sonakshi was an amazing experience. They tried to understand my needs very well and were very flexible with me. They had always asked for the feedback about their work and accepted the changes demanded by us. I never felt that they are outsourced digital marketing team rather I always felt that they're more of a partner to us who really wanted us to grow.

Ms. Shweta Vikram Sharma

Owner - Chunri Collections, Abu Dhabi

Memoirs in Pixels has been an integral part of our business to help us develop, expand and reach a wider audience. The team is professional, proactive and reliable and as such we now see them as an essential part of our business.

Coach Josh & Coach Luke

Founders - Maestros Football, Abu Dhabi

Memoirs in Pixels has been extremely supportive & efficient in providing all kinds of digital media solutions to our small business. Very prompt in communication, and works according to your budget and delivers in tight deadlines too. Our experience with them has been a very positive one and they are our one stop digital service providers.

Ms. Kiran Sharma

Owner - Kiddie Express, Dubai

Memoirs in Pixels was of great support during our logo and business card creation as well as flyer designing. They were always there to answer our needs and to address our requirements. Highly recommended for a quality professional work.
